A Fish We Might Find

Requirement(s) 2

Gear up! A pencil, crayons, and your Lion adult partner.

Talk about the water where you plan to fish. What kind of fish do you think lives there? Choose one and draw it. Your adult can help you learn what it looks like.

Use the grid if it helps you place the body, fins, and tail. You do not need to copy a sample fish or make a perfect drawing.

Tell your adult partner about your fish and why you think it could live at your fishing location. Your adult may help you add its name, if you wish.

My fish's name or one thing I noticed about it

Drawing is not the fishing outing. You still need to go fishing with your Lion adult partner for requirement 3.

Original local activity worksheet - not an official Scouting America publication.
